

# New needs, new solution.

## ROLLYCOLD MYBOX personal compartments in a collective refrigerator

Social distancing and maximum hygiene become the priorities in our daily lives and in collective catering. Emainox responds with a new internal reorganisation of Rollycold, the refrigerated cabinet for temperature maintenance.

Ten drawers with key lock to ensure users privacy and the perfect hygiene.

### Homogeneous air flow

Perforated drawers to ensure the perfect air circulation.

### Maximum hygiene and privacy

Personal drawer, with key lock, for each user to storage food and drinks.

### Safe and easy transport

Foods and drinks well contained inside the compartments.
